

Why so Serious?

Show Notes for The Fun Road Podcast:

I hope you all came ready to laugh, because trust us. You're going to!

Think back to your most embarrassing moment. For most of us, we can laugh about it way after the event happens. But, can you laugh at your embarrassing moment in the moment? Did you start to laugh to yourself when you thought about your embarrassing moment just now?

Do you ever wonder if Kass and Steve get embarrassed? Never fear ladies and gentlemen! This episode is all about their embarrassing moments.

Laugh along with Kass and Steve as they tell some of the moments that made their sides, well...split. It's going to be hard not laughing along with them on this episode. It's also nice to know that everyone has embarrassing things happen to them!

Most importantly, they want you to take away one simple rule: don't forget to laugh at yourself! And, it's ok to. What's life without a little laugh?
